DOWNLOAD THE MEETING APP
1. From your phone’s App Store, download Expo Pass.
2. Create an account using the same email (required) you used to register for the Spring Meeting.
3. Verify your account by entering the 4-digit passcode sent to your email (check your junk email folder if it doesn’t appear in your inbox).
4. Once the code is entered, the ASOPRS Spring Meeting app will automatically load.

Use the app to:
• View a complete list of Sessions and Speakers
• Learn more about the Spring Meeting Exhibitors
• Plan for your Afternoon Activities and Evening Social Events

Colleagues, Vendors, and Guests

Welcome to the heart of Texas where this capital’s motto is “Keep Austin Weird.” The Spring Meeting is the crown jewel of our Society. Open only to members, it is our chance to renew friendships, make new ones, and learn from some of the best and brightest minds in our field.

Program Chair extraordinaire, Jeremiah Tao, has put together another great lineup of educational sessions and invited several outside speakers to lend a different perspective on management of the oculofacial patient. Thursday afternoon will include workshops on Implants and Injectables (featuring invited expert, Steven Yoelin, MD) before we gather on the LBJ Pavilion for the Welcome Reception.

Featured speakers include: Jesse Berry, MD, who will share innovations and advances in retinoblastoma; Stephanie Lu, MD will discuss opportunities in the Veteran's Administration; Scott Wallace, MBA will explain how we measure quality in medicine.

We have left both Friday and Saturday afternoons open to explore all that Hill Country, Texas and our destination resort, Hyatt Regency Lost Pines, have to offer. Complimentary shuttle service will be available Friday for those who would like to head into Austin for a little bit of capital (and capitol) exploration. There will be lots of fun for kids of all ages onsite as well and plenty of water to splash around in to keep you cool.

We've brought back tennis (and I hear we have some former collegiate ringers who may provide an exhibition) for Friday afternoon and golfers will tee off for annual bragging rights on the hotel's course Saturday afternoon. Saturday evening will kick off the Annual Banquet where we welcome a new class of ASOPRS members in a ceremony and rite of passage I look forward to every year. Wear your cowboy boots and be ready for some traditional Texas line dancing after dinner. For the fearless, there is a chance for a go with a mechanical bull.

Naturally, there are people behind the scenes making this all look easy. Tisha Kehn and Amanda Macrina, our executive staff, work their magic every year so that we can all relax and have a good time. Our industry sponsors provide the financial support that allows us to provide such a comprehensive setting for our educational goals. We couldn’t do this without their support.

Thank you all for making your way to the Lone Star State. I am delighted and honored to host what I hope to be an exceptional weekend for us all.

Tamara R. Fountain, MD
Symposium Objectives

Intended for members of ASOPRS, board certified ophthalmologists, specializing in facial, ophthalmic plastic, orbital, and lacrimal surgery.

1. To provide a forum for the presentation of new concepts, techniques, and experiences in orbital disease and surgery.
2. To provide a forum for the presentation of new concepts, techniques, and experiences in facial aesthetic surgery.
3. To provide a forum for the discussion of physician advocacy, practice management, and access to care.
4. To provide a forum for the exchange of concepts and clinical experience in oculofacial, orbital, and lacrimal surgery.

Continuing Medical Education

Continuing Medical Education information and Financial Disclosures can be found in the 2018 Spring Scientific Symposium Syllabus.

Education Disclaimer

Registrants for this symposium understand that medical and scientific knowledge is constantly evolving and that the views and techniques of the instructors are their own and may reflect innovations and opinions not universally shared. The views and techniques of the instructors are not necessarily those of ASOPRS but are presented in this forum to advance scientific and medical education. ASOPRS disclaims any and all liability arising out the information presented in this course. Registrants also understand that operating rooms and health care facilities present inherent dangers and as such they shall confirm to all proper medical practices and procedures for the treatment of patients for whom no medical history is available.

Industry Disclaimer

Industry promotional opportunities, including but not limited to tradeshows, breakfasts and lunches, are provided by ASOPRS for informational purposes. ASOPRS does not undertake to verify the claims of, or assess the products or services offered by, any company presenting during ASOPRS’ meetings, nor does ASOPRS’ receipt of a fee from, and provision of space to, such companies constitute an endorsement or recommendation by ASOPRS. Attendees must make their own independent judgments as to the advisability of entering into a business transaction.

Photography and Social Media Policy

ASOPRS’ policy for the use of photography and social media at the Spring Scientific Symposium is intended to strike a balance between the needs of scientists, physicians and other health care professionals, patients and advocates for the latest ophthalmic information and the needs of presenters to protect their proprietary content from unauthorized use.

- Non-flash photography is allowed for personal, social or noncommercial use.
- Respect presenters who state they do not want their slides and/or content shared on social media.
- Attendees taking photos must do so in a nondisruptive manner so as not to disturb the presenter and other attendees.
- Slides with patient faces or other identifiable information cannot be shared on social media due to HIPAA regulations. Video recording, live audio and/or video streaming is strictly prohibited.

Failure to comply with this policy may result in being removed from the session and/or meeting.

Cancellations

ASOPRS issues refunds, less a $50 administrative fee, upon receipt of written notice on or before May 2, 2018. Refunds will not be made for no-shows.

Meeting Evaluation/CME Certificate

A link to an electronic evaluation will be provided to attendees via email. Please complete the evaluation in its entirety after the meeting. You will have an opportunity to print a CME certificate once you have completed the evaluation. Your feedback is carefully considered when planning future meetings. Thank you in advance for helping ASOPRS improve our Spring Scientific Symposium.
Featured Speakers

**Jesse Berry, MD**
Saturday, June 2, 10:07 am  
**Innovations & Advances in Retinoblastoma Management**

Dr. Jesse Berry is the associate director of ocular oncology at the USC Roski Eye Institute and Children’s Hospital Los Angeles. In addition, Dr. Berry is associate residency program director for the Los Angeles County and University of Southern California ophthalmology residency program.

She received her undergraduate and medical degree from Harvard University. Following her ophthalmology residency at the University of Southern California, she was the assistant chief of service at the Los Angeles County Medical Center. She then completed a fellowship in ocular oncology at Children’s Hospital Los Angeles under the mentorship of Drs. Jonathan Kim and Linn Murphree. Dr. Berry is the founder of WOO, Women in Ocular Oncology. Her clinical expertise includes anterior segment, intraocular and external tumors. Her research endeavors focus on clinical outcomes of retinoblastoma and choroidal melanoma and use of the aqueous humor to develop of a surrogate tumor biopsy for retinoblastoma.

**Albert Carlotti, MD, DDS**
Thursday, May 31, 2 pm  
**Silicone Facial Implants Workshop**

Albert Carlotti, MD, DDS is a board certified maxillofacial surgeon, fellow of the American Academy of Cosmetic Surgery and is past-president of board of directors of the Cosmetic Surgery Foundation. Dr. Carlotti attended UT Southwestern Medical School in Dallas, Texas, completed his residency and fellowship in facial and body cosmetic surgery also at UT in Dallas, TX. He has practiced in Scottsdale, AZ for over 16 years with his wife, Dr. Michelle Cabret-Carlotti and the couple recently opened an additional office, Austin Cosmetic Surgery, in Lakeway, TX. Dr. Carlotti has dedicated his practice to facial and body cosmetic and reconstructive surgery since 2001 and has performed over 50,000 cosmetic and reconstructive procedures. He has lectured numerous times on the international level on facial and body cosmetic surgery and has educated surgeons at live surgery courses affiliated with the AACS. His primary mantra of practice is that “it is easier to maintain youth rather than to reacquire it” and the Carlottis work hard to generate naturally appearing results which stand the test of time without gimmicks or marketing schemes. Treating patients as if they were their own family members is the benchmark and hallmark for all that they do for others.

**Stephanie Lu, MD**
Sunday, June 3, 9:19 am  
**Opportunities at the Veteran’s Administration**

Dr. Stephanie Lu is the chief of ophthalmology and surgical healthcare group at Long Beach VA hospital. She is in charge of all surgical and anesthesia services and has more than a $30 million annual operating budget. Her clinical practice is divided between patient care and teaching at UC Irvine and Long Beach VA hospital. She is an associate residency program director who also serves as a member on the Residency Education Committee. Dr. Stephanie Lu specializes in the treatment and management of complicated retinal diseases.

Dr. Lu grew up in Southern California and completed her undergraduate degree at the University of California, Los Angeles. Dr. Lu graduated from UC San Diego School of Medicine. She then went on to complete her residency training in the department of ophthalmology at UC Irvine. After completing her residency, she began fellowship training in vitreo-retinal surgery in the department of ophthalmology at UC Irvine, under the tutelage of Baruch Kuppermann, MD.

**Scott Wallace, JD, MBA**
Saturday, June 2, 8:49 am  
**Quality Matters**

Scott Wallace, JD, MBA, plays an influential part in the transformation of America's health delivery. He recently served as interim chief business officer of Dell Medical School, where he is an associate professor. Leveraging business and health policy backgrounds, Wallace was appointed by Pres. George W. Bush to chair the Federal Commission on Systemic Interoperability, created to advise the White House and Congress on health transformation through Information Technology. He has held a number of senior leadership positions: as CEO of a specialty chemical company; co-founder of a venture capital fund; CEO of the National Alliance for Health Information Technology; and a transactional attorney at Kirkland & Ellis. He is also a Batten Fellow at the University of Virginia’s Darden School of Business, previously served on the faculty for Harvard Business School’s health care strategy executive education program, and was a Distinguished Fellow at Dartmouth’s Geisel School of Medicine.

**Steven G. Yoelin, MD**
Thursday, May 31, 3:40 pm  
**Facial Injectables Workshop**

Friday, June 1, 10:40 am  
**Injectables Breakout Session**

Steven G. Yoelin, MD is a board certified ophthalmologist with a private practice in Newport Beach, CA. Since the early 2000s, Dr. Yoelin has expanded his practice to include facial aesthetics using injectable neurotoxins, dermal fillers and collagen stimulators. In addition to his clinical practice, Dr. Yoelin conducts research in various FDA- and investigator-initiated clinical trials pertaining to facial injectables. He has been the lead investigator on several pilot studies and trials, including one that led to FDA approval of a new aesthetic product at the end of 2008.

Dr. Yoelin has established a nationwide reputation as an expert in the field of facial injectables. He speaks at professional events and conferences across the country, including every major ophthalmic meeting. He is highly respected by other physicians as a teacher of injectable procedures, as well as a trusted advisor on integrating facial aesthetics in an ophthalmology practice.

Dr. Yoelin is a magna cum laude graduate of the University of California, Davis, and earned his medical degree from the University of California, Irvine, where he received numerous awards for his academic and research efforts.

<td><strong>Facial Injectables Workshop</strong></td>
<td>Wendy W. Lee, MD, Tanuj Nakra, MD, and Featured Speaker, Steven G. Yoelin, MD</td>
</tr>
</tbody>
</table>

The course will focus on addressing the soft tissue and boney changes of facial aging with the use of facial implants. It will cover the basic anatomy of the face, the present use of soft tissue fillers and then the implantation of silicone and custom 3D implants to improve overall facial symmetry and the aged appearance.

ASOPRS 2018 SPRING SYMPOSIUM PROGRAM BOOK

PROGRAM

Facial Injectables Workshop Part 2 - continued
10:50 - 11:05 am Deoxycholic Acid for Submental Fullness and Beyond
Featured Speaker, Steven G. Yoelin, MD

11:05 – 12 pm Live Injections of Botulinum Toxins and Deoxycholic Acid
Tanuj Nakra, MD, Julie A. Woodward, MD, Christopher DeBacker, MD, and David E.E. Holck, MD

12 pm Adjourn

AFTERNOON ACTIVITIES
Please check with Registration for further information.
1 – 3 pm ASOPRS Tennis Tournament
Join your colleagues for a round robin Tennis Tournament at the onsite courts!
Price: $50 per person
Includes: Racket, balls, tournament arrangement and score keeping.

1 – 9 pm Complimentary Shuttle into Downtown Austin
Explore Austin’s food, music, and cultural scene! Visit www.austintexas.org for ideas.
Pick up a schedule at Registration.

EVENING SOCIAL EVENT
4:30 – 6:30 pm YASOPRS and Women in ASOPRS Reception
Thank you to Vikram and Offsite Sonia Durairaj for hosting

Saturday, June 2, 2018

6:45 – 7:45 am Education Committee Meeting
Austin Colony

6:45 – 7:45 am ASOPRS Foundation Board of Trustees Meeting
Little Colony

6:45 – 8 am Visit with Exhibitors/Breakfast
Lost Pines Foyer

7 am – Noon Registration
Lost Pines Foyer

7:30 – 8 am SPECIAL EVENT! Codapalooza, Presented by YASOPRS [.5 CME Hour]
Lost Pines Ballroom
Moderator: Andrea Kossler, MD
Trends and Variance in Coding and Case Logging by ASOPRS Fellows
Nicholas Mahoney, MD
Coding & Advocacy Updates
Stuart R. Seiff, MD, FACS

8 am – 10:31 am Scientific Session [2 CME Hours]
Lost Pines Ballroom

8 – 8:03 am Opening Remarks
Jeremiah P. Tao, MD, FACS, Spring Meeting Program Chair

ORBIT SESSION II
Moderators: Neda Esmaili, MD and Thomas E. Johnson, MD

8:03 – 8:07 am Sphenoid Wing Meningioma Masquerade of Paget’s Disease
Kathryn Winkler, MD, Alan A. Goldfarb, Dianne M. Schlachter, MD
Consultants in Ophthalmic and Facial Plastic Surgery, Southfield, MI

8:07 – 8:11 am Spontaneous Resolution of Optic Neuropathy in Sphenoid Wing Meningioma
Sathyadeepak Ramesh, MD, Robert A. Goldberg, MD, Daniel Rootman, MD
UCLA Stein Eye Institute, Los Angeles, CA

FEATURED SPEAKER

10:08 – 10:09 am  Introduction of Dr. Berry
Sandy X. Zhang-Nunes, MD

10:09 – 10:24 am  Innovations and Advances in Retinoblastoma Management
Jesse Berry, MD

10:24 – 10:31 am  Discussion

BREAKOUTS [1.5 CME HOURS]

10:32 am – 12:02 pm  Neck Rejuvenation  Lost Pines 5-8

10:32 – 10:34 am  Welcome and Introduction
Robert G. Fante, MD, FACS
Fante Eye and Face Centre, Denver, CO

10:34 – 10:44 am  Nonsurgical Management (Botulinum Toxin, Deoxycholic Acid, Focused Ultrasound, Radiofrequency, etc.)
Mikel W. Lo, MD
About Faces Cosmetic Surgery, Tucson, AZ

10:44 – 10:54 am  Direct Z-Plasty of the Neck
Dave E.E. Holck, MD
EyePlasTX, San Antonio, TX

10:54 – 11:04 am  Neck Liposuction and Platysmal Plication
Jonathan Hoenig, MD
Beverly Hills, CA

11:04 – 11:14 am  Modified Corset Platysmaplasty
Robert G. Fante, MD, FACS
Fante Eye and Face Centre, Denver, CO

11:14 – 11:24 am  Lateral Platysmal Back Cuts and Suspension
Alan B. Brackup, MD, FACS
Cosmetic Surgery Specialists, PC, Langhorne, PA

11:24 – 11:34 am  Platysmal Resection and Subplatysmal Work (Submandibular Gland Resection, Digastric Resection)
Tanuj Nakra, MD
Texas Oculoplastic Consultants, Austin, TX

11:34 – 11:49 am  Neck Lift Complications Panel
John H. Hunts, MD, PhD
Eugene, OR

11:49 – 11:59 am  Thoughts About Choosing Techniques
John P. Fezza, MD
Center for Sight, Sarasota, FL

11:59 am – 12:02 pm  Discussion

10:32 am – 12:02 pm  Quality in Research Workshop  Lost Pines 1-4

10:32 – 10:37 am  Introduction
Alon Kahana, MD, PhD
University of Michigan, Ann Arbor, MI

10:37 – 10:47 am  Optimizing the ASOPRS Thesis Process
Evan H. Black, MD, FACS
Consultants in Ophthalmic and Facial Plastic Surgery, Southfield, MI

10:47 – 10:57 am  Hypothesis Development and Staying Focused
Alon Kahana, MD, PhD
University of Michigan Kellogg Eye Center, Ann Arbor, MI

10:57 – 11:07 am  Getting Ready – Power Calculation
Vinay K. Aakalu, MD, MPH
University of Illinois, Chicago, IL
Quality in Research Workshop - continued

11:07 - 11:17 am  
**Research Mentoring**  
Erin M. Shriver, MD, FACS  
*University of Iowa Hospitals & Clinics, Iowa City, IA*

11:17 - 11:27 am  
**Fostering Productive Research Collaborations**  
Edward J. Wladis, MD  
*Ophthalmic Plastic Surgery, Albany, NY*

11:27 - 11:37 am  
**Scientific Rigor – Research That Did Not Stand the Test of Time or Data**  
Elizabeth A. Bradley, MD  
*Mayo Clinic, Rochester, MN*

11:37 am – 12:02 pm  
**Panel Discussion/Q&A**

12:02 – 12:10 pm  
**ASOPRS Awards Session**  
Lost Pines 5-8  
Presented by Raymond S. Douglas, MD, PhD, Awards Committee Chair

- **ASOPRS Outstanding Contribution Award** – Aaron Fay, MD, John Nguyen, MD, and Nicholas Mahoney, MD
- **Orkan G. Stasior Leadership Award** – Keith D. Carter, MD, FACS
- **Richard K. Dortzbach Teaching Award** – Richard L. Anderson, MD
- **James A. Katowitz Pediatric Award** – Jonathan W. Kim, MD
- **Edwin C. Augustat Award for Best YASOPRS Case Presentation**

12:10 – 1 pm  
**ASOPRS Business Meeting**  
Lost Pines 5-8

1 pm  
**Adjourn**

### AFTERNOON ACTIVITY

*Please check with Registration for further information.*

1:30  
**ASOPRS Annual Golf Tournament**

The ASOPRS Annual Golf Tournament will be at Wolfdancer, the onsite Golf Course. Wolfdancer Golf Club’s picturesque course takes golfers through rolling prairies, heavily wooded ridgelines, and river valleys lined with pecan trees. Don’t miss your chance to golf at this world-renowned course!  

Supported in part by Gunther Weiss Scientific Glassblowing and Integrated Orbital Implants, Inc.

**Golf Tournament Package:** $117, includes a golf cart, range balls, and green and tournament fees.

### SOCIAL EVENT

6:30 – 9:30 pm  
**ASOPRS Annual Banquet & New Member Inductions**

*Riversong Lawn*  
The Annual Banquet, the long-established closing event of the meeting, will be held onsite on the Riversong Lawn. Enjoy a traditional Texan-themed party! The banquet is host to our inductions, during which we welcome new members into the Society along with friends and family. The Banquet is included in the price of registration for Members and Candidate Members; we invite you to purchase additional tickets for guests.

**Banquet tickets:** Included in Registration for Meeting Attendees (RSVP Required)  
**Price:** $150 (ages 18+); $50 (ages 5-17)  
**Complimentary** (ages 4 and under)  
**Ticket price includes:** One drink ticket for adults and buffet dinner.

Featuring original articles and reviews on topics such as ptosis, eyelid reconstruction, orbital diagnosis and surgery, lacrimal problems, and eyelid malposition, *Ophthalmic Plastic and Reconstructive Surgery* is the journal to read. You receive updates on diagnostic techniques and medical therapies, as well as detailed analyses of recent research findings and their clinical applications.

**Free Access to Most Cited Articles!**

Read well cited research published from recent issues of *Ophthalmic Plastic and Reconstructive Surgery*. Read online in HTML or print as a PDF. Go to the journal website and click on “Collections.”

Some articles include:

- **Conjunctiva-Sparing Posterior Ptosis Surgery:** A Novel Approach
- **External Compression Versus Intravascular Injection:** A Mechanistic Animal Model of Filler-Induced Tissue Ischemia
- **The Quantitated Internal Suture Browpexy:** Comparison of Two Brow-Lifting Techniques in Patients Undergoing Upper Blepharoplasty
- **Thyroid-Related Orbital Decompression Surgery:** A Multivariate Analysis of Risk Factors and Outcomes
- **Peripheral Nerve Sheath Tumors of the Eyelid Dermis:** A Clinicopathologic and Immunohistochemical Analysis

The journal to turn to for the most recent, successful techniques in your field...

**Ophthalmic Plastic and Reconstructive Surgery**

Exhibitors

Allergan
Allergan is committed to working with physicians, healthcare providers and patients to create a world-class aesthetic business with the most comprehensive, science-based product offerings available. This global portfolio consists of best-in-class facial aesthetics, body contouring, plastic surgery and regenerative medicine offerings, which includes products such as BOTOX Cosmetic®, CoolSculpting® System, Natrelle®, REVOLVe™ and more.

Ellman, A Cynosure Company
Ellman, A Cynosure Company, is committed to providing innovative products that serve the needs of our global customers. Ellman offers a full complement of advanced radiofrequency (RF) products, including the Pellevé® Wrinkle Reduction System, and the Surgitron® Surgical RF Systems. Our products are used around the world for precision surgical and aesthetic procedures in the Aesthetic, Surgical, Dental and Veterinary fields.

Representative: Kyle Keena

FCI Ophthalmics
Dry Eye, Retina, Cataract, Lid Repair, Orbital and Lacrimal

Representatives: Michele Joyce and Heather Patterson

Gunther Weiss Scientific Glassblowing Co., Inc.
Providing the original Lester Jones tear duct tube for over 50 years.

Representatives: Scott Wheeler and Megan Wheeler

Implantech Associates, Inc.
Implantech is the recognized leader in manufacturing innovative facial and body contouring (gluteal, pectoral and calf) implants for aesthetic and reconstructive surgery. For the perfect fit we offer 3D Accuscan® Patient-Specific implants. Also available: Cimeosi® scar management and the Gelzone® wrap. High quality products offered by Implantech for Superior Patient Aesthetics!

Representative: Alyssa Gilmore

Integrated Orbital Implants, Inc.
IOI provides the most scientifically advanced orbital implant for enucleation, evisceration and secondary implant procedures. The Bio-Eye Hydroxyapatite (HA) Orbital Implant is the “Gold Standard” in orbital implants. Among the benefits, the Bio-Eye Orbital Implant offers “natural movement” of the artificial eye and reduction of implant migration and extrusion.

Representatives: Phillip Perry and Vicki Perry

Mallinckrodt Pharmaceuticals
Mallinckrodt Pharmaceuticals is a global specialty pharmaceutical company. The company’s Autoimmune and Rare Diseases business includes H.P. Acthar® Gel (repository corticotropin injection), indicated for use in multiple specialties. To learn more, visit www.Acthar.com

Representatives: Zach Ballinger, Lanya Bingo, Nikki Beaudoin, Stephen Gannon, Matt Rammer, and Beth Simpson

McClain Laboratories, LLC
McClain Pathology Laboratory serves the Oculoplastic Surgeon with rapid turnaround of histopathologic evaluation of all ophthalmic tissue specimens with accurate margin control using photographic methods. We pride ourselves in unmatched ease of communication, accessibility, specificity, client service and convenience.

ASOPRS Awards

ASOPRS Outstanding Contribution Award

This award is given to an individual or individuals who make a legendary single, or longstanding multiple contributions to ASOPRS. The recipients of this year’s ASOPRS Outstanding Contribution Award are: Aaron Fay, MD, John Nguyen, MD, and Nicholas Mahoney, MD for the development and evolution of the coder used by ASOPRS fellows.

Aaron Fay is assistant professor of ophthalmology (part-time) at Harvard Medical School. In addition to private practice outside of Boston, he is director of ophthalmic plastic surgery at the Vascular Birthmark Institute of New York, and at the Zentrum fur Vasculare Malformationen in Eberswalde, Germany. He has authored more than 100 peer-reviewed journal articles and over 25 textbook chapters. He lectures widely on vascular anomalies and other topics, with more than 75 national and international invited lectures. Last year, he and co-editor Peter Dolman published a major textbook on the pathophysiology of oculoplastic and orbital disease. He and his wife, Myriam, live in Lexington, Massachusetts with three children, a horse, and two dogs. He would like to thank his many mentors, trainees, and ASOPRS colleagues for a rich and rewarding professional life.

John Nguyen is an associate professor of ophthalmology and otolaryngology at West Virginia University, and he is the director of the ophthalmic plastic and reconstructive surgery service. Dr. Nguyen serves on the board of the West Virginia Academy of Eye Physicians and Surgeons. He wishes to thank ASOPRS for the award, and he is truly humbled to be in the company of those who inspired him. He feels fortunate and is grateful for the active mentorship of Dr. Aaron Fay as well as the guidance of Dr. Jennifer Sivak-Callcott.

Nick Mahoney is an assistant professor of ophthalmology at the Johns Hopkins Hospital and the Wilmer Eye Institute where he serves as the associate residency program director and division education champion for oculoplastic surgery. His research has focused on using technology to improve teaching methodology and orbital surgery. In addition to research publications, he has also developed software for intraoperative tissue assessment, curriculum management, classroom mobile device polling and surgical logging. He credits his success to his partner, Olga Joos, and her support and his many mentors along the way including Shannon Merbs and Nicholas Volpe.

Orkan G. Stasior Leadership Award

This award is given to an individual who has demonstrated distinguished service in the field of ophthalmic plastic and reconstructive surgery through education, research, humanitarian activities and/or service to the Society. This award is presented in recognition of the leadership of ASOPRS charter member, Orkan G. Stasior, MD.

The recipient of this year’s Orkan G. Stasior Leadership Award is: Keith D. Carter, MD, FACS

Keith Carter is a professor of ophthalmology and otolaryngology, and chairman of the Department of Ophthalmology and Visual Sciences at the University of Iowa. He directs an ASOPRS fellowship and is a former residency program director. Dr. Carter is president of the American Academy of Ophthalmology and past-president of the Association of University Professors of Ophthalmology.

Dr. Carter has delivered presentations and written articles on oculoplastics and plastic surgery, ethics, advocacy, and other topics involving ophthalmology and surgery. He has served humanitarian efforts through ORBIS and other global outreach programs. A strong proponent of mentoring and continuing education, he attributes his success to mentors that include Drs. Jeff Nerad, Paul Lichter, Thomas Weingeist, and Lee Alward.
Jonathan W. Kim is an associate professor of ophthalmology at the University of Southern California (USC) Roski Eye Institute and Children’s Hospital Los Angeles (CHLA). He is currently the director of the oculoplastic service and the retinoblastoma program at CHLA, and the director of ocular oncology at USC. Dr. Kim holds the A. Linn Murphree Chair in Retinoblastoma at CHLA and provides clinical expertise in the management of pediatric intraocular and orbital tumors. In addition to his oculoplastic fellowship completed at the Jules Stein Eye Institute, he has also completed fellowships in neuro-ophthalmology at the Massachusetts Eye and Ear Infirmary and ocular oncology in Liverpool, England. Dr. Kim is a board member of the American Association of Ophthalmic Oncologists and Pathologists and serves on the oculoplastics subcommittee for the American Academy of Ophthalmology. He has given presentations and written articles and book chapters on a wide range of topics in oculoplastic surgery and ocular oncology. He is indebted to his teachers in oculoplastic surgery, Dr. Robert Goldberg, Dr. Norman Shorr and Dr. Henry Baylis.

Richard L. Anderson, MD, FACS is a Salt Lake City oculofacial plastic surgeon who has written over 400 scientific publications, three books, and has given over 1000 presentations on topics in oculoplastics. He has received many of the top awards in the field and was named the best oculoplastic surgeon in America by groups including Good Housekeeping Magazine and Readers Digest. He is a former professor and chief of the oculoplastic divisions at the University of Iowa and the University of Utah. Dr. Anderson has trained over 80 fellows, many of whom direct ASOPRS programs in the US and worldwide. He believes his greatest accomplishment is the fellows, grand fellows, and great grand fellows he has helped train.

Jonathan W. Kim is an associate professor of ophthalmology at the University of Southern California (USC) Roski Eye Institute and Children’s Hospital Los Angeles (CHLA). He is currently the director of the oculoplastic service and the retinoblastoma program at CHLA, and the director of ocular oncology at USC. Dr. Kim holds the A. Linn Murphree Chair in Retinoblastoma at CHLA and provides clinical expertise in the management of pediatric intraocular and orbital tumors. In addition to his oculoplastic fellowship completed at the Jules Stein Eye Institute, he has also completed fellowships in neuro-ophthalmology at the Massachusetts Eye and Ear Infirmary and ocular oncology in Liverpool, England. Dr. Kim is a board member of the American Association of Ophthalmic Oncologists and Pathologists and serves on the oculoplastics subcommittee for the American Academy of Ophthalmology. He has given presentations and written articles and book chapters on a wide range of topics in oculoplastic surgery and ocular oncology. He is indebted to his teachers in oculoplastic surgery, Dr. Robert Goldberg, Dr. Norman Shorr and Dr. Henry Baylis.

Richard L. Anderson, MD

Richard K. Dortzbach Teaching Award

The Dortzbach Teaching Award is given to an individual with significant contribution to the field of oculoplastics through outstanding teaching, academic, scientific, and scholarly achievement and for dedication throughout his or her profession. 
The recipient of this year’s Richard K. Dortzbach Teaching Award is: Richard L. Anderson, MD

James A. Katowitz Pediatric Award

This award is given to an individual for longstanding contributions in pediatric oculofacial plastic surgery. 
The recipient of this year’s James A. Katowitz Pediatric Award is: Jonathan W. Kim, MD

Edwin C. Augustat Award for Best YASOPRS Case Presentation

Named in honor of a generous donor to the ASOPRS Foundation, the Foundation will award the Edwin C. Augustat Award for Best YASOPRS Presentation to a presenter from the YASOPRS Eye Openers: Rapid Fire Case Presentations Sessions. The recipient of the Edwin C. Augustat Award for Best YASOPRS Presentation will be announced during the Awards Session on Saturday, June 2, 2018.

A Young ASOPRS (YASOPRS) is an official ASOPRS member who has 8 years or less experience after graduation from an ASOPRS accredited fellowship, or alternatively, satisfies the Category II membership requirements and has 8 years or less experience after fellowship graduation. Fellows-in-Training in an ASOPRS-accredited fellowship are also invited to participate in the Rapid Fire Cases and Presentations.
